## June 19<sup>th</sup>, 20<sup>th</sup> Villa Gualino (Turin)

The next Re-TRUST quaternary meeting will be held in Torino in the congress center of Villa Gualino. The Villa, located on the Turin hills, inside a huge park, is about a hundred meters from the river Po and a short distance from the city centre. It is the permanent base of prestigious institutions which are active in advanced fields of scientific research and training, such as the analysis and control of complex systems, the study of innovative materials, bio-technologies, astrophysics and space sciences and the basic dynamics of the mechanisms of wealth production. Since 1994 it has been the headquarters of the European Foundation for Training, the first agency instituted in Italy by the European Union, in order to support reform processes in the field of education and professional training in the partner countries of western Europe, in the new independent states and in Mongolia.

The Villa, equipped with efficient hotel and congress facilities and with the necessary technological and computer infrastructure, also offers environmental and logistical conditions that are extremely favorable for the pursuit of congresses, seminars and training initiatives including those of a residential nature.
